ARTISAN HAIR HOUSE relaxed, organic

Artisan Hair House, a relaxed, comfortable environment, a place where you can unwind while your hair is quite literally transformed.

Debbie and Bobbie, an innovative mother and daughter duo and owners of Artisan offer an ethical 'organic approach' to fabulous hair at their intimate industrial-chic Burgess Hill salon.

This approach led, after extensive research, to the doors of Organic Colour Systems, a New Forest based company that uses the 'cleanest, greenest' products available. Formulated from Soil Association certified organic ingredients, including Vitamin B5, wheat protein and organic oils, all Organic Colour Systems' hair styling, colouring and care products nourish the hair.

Top priority

Focussing on the long term condition of their clients' hair is a top priority for Artisan Hair House, hair is analysed before the colouring begins and then if necessary is given protein or moisture treatments before any hair colour is used. That said

Brilliant blondes, bright brunettes

Brilliant blondes, bright brunettes and radiant reds are all achievable - there is absolutely no compromise on the colour - and without causing any of the damage that can result from products with harsh chemical additives. They also give good grey coverage, are so much kinder to the hair and perfectly safe for pregnant and breast feeding mums. None of the ingredients are tested on animals and can be used by vegetarians and vegans alike.

Talented team

Put yourself in the hands of the Artisans, friendly, experienced team of talented stylists and be confident, they employ the latest cutting and styling techniques for both men and women.

Only this month Bobbie had the major honour of being invited to work with award winning hairdresser Karine Jackson at the prestigious London Fashion Week.

Already expanding

Debbie and Bobbie have just been joined by Alison, a superb stylist who used to work with Debbie in Burgess Hill where she was known to many of her clients as Nikki! The dream team are reuniting back in the town they love.

Debbie, Bobbie and Alison along with assistants Ellie and Lucy look forward to welcoming you to their friendly West Street salon, where there is free parking for customers.
